In case of a tie for any place on the overall Regional classification at the end of the season, teams are separated by:

- giving preference to the team with the greater number of first place classifications; in case there is still a tie the number of second place classifications will count and if necessary the number of third place classifications and so on until the tie is broken.
- If after applying this method there is still a tie for any place at the conclusion of the last event of the season, preference will be given to:
- the team with the greater number of clear rounds among the scores counting (i.e. maximum 3 scores per round per team) from each competition throughout the season; if there is still a tie the scores counting (i.e. maximum 3 scores per round per team) for each team from each competition will be added together and preference will be given to the team with the lowest overall score.

Two North-Central American/Caribbean teams will qualify for the 2019 Longines FEI Jumping Nations Cup™ Final (CSIO5* Barcelona/ESP, 3-6 October 2019).
